"Hi! I just returned from an amazing Alaska Explorer trip with Marci and Amanda. This was definitely the best vacation I have ever taken! Alaska was so completely different from anything that I have ever been exposed to. The whole trip was so well planned out, but Amanda and Marci didn't make it feel like a regular touristy trip.... They are so knowledgeable and fun to be around, plus the food was great!... Amanda and Marci were great guides, and I would love to go on another trip with either one of them again in the future! I'm going to recommend this trip to everyone that I know that loves the outdoors because I had such a great time. Thanks for a great experience! --Hilary Blum; New Jersey; Alaska Explorer

ABOUT OUR TOURS

Get Up & Go! Alaska Tour Types

ALASKA MULTI-SPORT / HIKING TOURS: These are our primary tours: 6 to 25-day *Active, Informative, Fun!* Alaska adventures that get you ‘up and going’ in Alaska’s most beautiful national parks and natural areas. A variety of uniquely Alaskan ‘multi-sport’ activities such as sea kayaking to active glaciers, glacier trekking (or optional ice climbing), canoeing, and whitewater rafting, along with truly memorable day hiking, are **INCLUDED** highlights of every tour: Unlike with some other tour operators, there are *No hidden extra costs for the uniquely Alaskan adventure activities you’re coming up here to experience.* Our various tours are available in **Camping**, ‘**Camp & Cabin**,’ and/or **Lodge-based** formats (see the Accommodations section below for details).

All of our tours feature well designed, moderately paced itineraries, small groups (minimum 4, maximum 10-12, average 7-8), scenic campgrounds and/or charming lodges, top quality equipment, and of course all the fantastic Alaskan scenery, day hiking and adventure sports you desire, as well as regular natural history briefings and genuine good times! And our Camping and ‘Camp & Cabin’-based tours with more than seven clients feature not one, but **two** professional **Get Up & Go! Tours** guides.

Many of our tours also feature **included** scenic bush plane flights (to access more remote destinations), Alaska Marine Highway ferry trips, water taxis, and of course all local overland transport. See the *Alaska Tour Features* section just below for more information about our tours, and the specific tour descriptions later in this brochure for detailed outlines of our various tour itineraries. And of course, please feel free to call or email with any questions: **1.888.868.4147** or **1.907.245.0795**.

*“I just wanted to tell you that I had a **WONDERFUL** trip this summer!... Your 10-day (Alaska Explorer) package was perfect for me. I felt fortunate to see as much as I did. It was the kind of trip where every day just got better and better! I (also) wanted to tell you that I really appreciated all that your guides did for us. They really worked well together as a team and were always conscious of our needs... and both were full of knowledge and facts about Alaska. I credit my amazing experience, to their professionalism, skills and definitely, their personalities! Not to mention the fantastic meals :-). I love to hike and was not sure that I would want to do the multi-sport package but I was so thrilled by each experience and it really added to the adventure! When people ask me about (my) trip, I always mention **Get Up and Go! Tours**. Thanks again and if I ever return to Alaska it will be with you guys :-)”* –Christine Fitzgerald, Middleboro, Massachusetts; *Alaska Explorer*

ALASKA FAMILY TOURS: Our *Alaska Family Explorer* tour is for families with children ages 10 and above (or ages 6 and above on select and private trips, please inquire). This 8-day tour is designed with kids and families in mind, and features a variety of beautiful scenery, two spectacular national parks (Denali and Kenai Fjords), walk-up (and walk-on!) glaciers, great wildlife viewing opportunities, as much hiking and other outdoor activities as you’re interested in, great food, and a friendly and experienced guide (or two). ‘Camp & Cabin’ or lodge-based. “Just got back today and wanted to let you know we had a wonderful time and enjoyed things immensely, thanks to your efforts. The trip was one of the best we ever took, and you helped make it that way... The lodges were wonderful, clean, beautifully set, and the owners were most friendly and cooperative. The outings you arranged for us were well worthwhile and enjoyable. The people we met were well learned and expressive: really nice people... I especially commend you on the thoroughness of the itinerary, it made everything very plain and easy to follow, and was very informative and enjoyable to read. All in all, a very good trip. If you need a reference please call on me.” --Zvi Herschman, Hempstead, NY; **custom tour**

IN OR OUT? CAMPING, 'CAMP & CABIN' & LODGE-BASED ALASKA TOURS

Because different people have different concepts of just exactly what getting active in the Great Outdoors means, we offer different tour itineraries in **Camping**, **'Camp & Cabin,'** and **Lodge-based** formats. Be assured that regardless of which style of accommodation you choose, all **Get Up & Go!** tours are designed to get you “up and going” in the beautiful wilds of Alaska, actively experiencing it for yourself with great daily hiking and multi-sport adventure activities. The tours, itineraries and activities are the same: the difference is simply where you sleep at night.

*“Dear Geoff: I want to convey to you my complete satisfaction with the **Get Up and Go!** tour my son and I just returned from last week. The trip was fabulous--very well planned and brilliantly executed. Marci and Amanda were superb guides, always flexible, well informed, inexhaustible, upbeat, helpful, and just plain fun to be with. Virtually every aspect of the tour exceeded my expectations--especially the meals. Prior to the trip I was braced for MREs or Mac 'n Cheese. Instead we had fresh salmon, halibut, fajitas, enchiladas, lasagna, steak, et al. They really did a marvelous job with the meals--and with every other detail of the trip.*

“We will come again to Alaska, and when we do we will book again with you. But we will insist on Marci and Amanda. Thanks for a great tour. Sincerely, Carl Smith” —**Carl Smith**, Alexandria, Virginia; **Alaska Explorer**

“Thanks for a great tour! I don't think the 12 people on the tour could have been a better group of people. Marci and Jed far exceeded my expectations with their great food, wonderful senses of humor, and amazing ability to make every activity better just by being there. Seeing 6 moose, 12 grizzly bears, 4 river otters, 6 beavers, 10 caribou, a couple dozen bald eagles, 5 seals, hundreds of salmon, a dozen sea otters was incredible. The lunar eclipse, huge Northern lights show, and perfect weather did not hurt either. I hope Marci is around for a couple more seasons because I want to go on the Kenai trip and now my brother wants to go on the Arctic trip with me.” --**Zack Hebert**, Eureka Springs, AR; **Alaska, Kenai**, and **Arctic Explorer**

CAMPING AND 'CAMP & CABIN'-BASED TOURS: Even if you've never camped before, be assured that it's easier and more comfortable than you might think (and much cheaper than staying indoors). The beautiful natural settings of our campgrounds, the long hours of Alaska summer daylight, our helpful guides, high quality tents, and the tremendous camp food we serve up all make camping in Alaska a pleasurable and unforgettable experience! Sleeping bags and pads are the only gear you need to bring (or rent them cheaply from us, with advance notice), and showers are available at least every other day (and even more often on most trips). 'Camp & Cabin'-based tours also feature 1 to 3 nights—depending on which itinerary you pick—of shared, indoor lodging in remotely located, charming and cozy cabins or lodge rooms. These are our most popular and inexpensive tours.

“Now that I am home I can't help but wonder if I will ever recover from the trip of a lifetime... I had an absolute ball and my only reservation about doing it all again is my fear that it could never ever be as good as the first time!”

—**Dudley Chignall**, Essex, England

*“I have just returned from an amazing Alaska adventure with your tour guides, Matthew and Dave. I must tell you that your team was encouraging, informative, and downright FUN! I will definitely recommend and return to **Get Up & Go! Tours** for future outings!”* —**Valerie Polk**, Savannah, Georgia

LODGE-BASED TOURS: If you love being active in the Great Outdoors but are just not a camping kind of person, a lodge-based tour is the way to go! Lodge-based tours offer the same great destinations, itineraries, hiking and adventure activities as our camping-based trips: the only real difference is the end-of-the-day accommodations. Our lodges, cabins and hotels are all friendly, welcoming places chosen for their scenic locations, proximity to places of interest and charm. Depending on their location, most lodges and cabins feature private baths and showers, while the most remote of these is a bit more rustic, with shared bathroom facilities (right next door to most rooms; our lodge in McCarthy supplies bathrobes & slippers to all guests).

“I don't typically do this following a trip, but this trip was so sensational I really need to let you know. Tim and I were beyond satisfied with the great itinerary, optional opportunities, and terrific planning for our 10 days in Alaska.... Thanks for offering such a great way to see Alaska and having the good sense to pick such a great guide. I'll spread the word to my traveling friends.” —**Joan & Tim Fulton**, York, PA; Lodge-based **Alaska Explorer**

—Paul Bradley, Toronto, *Alaska Explorer* and *Mountains & Glaciers*

ALASKA'S AMAZING FLORA, BIRD AND WILDLIFE: In addition to getting you up and going in the Alaskan wilds, all **Get Up & Go!** tours are highlighted by regular wildlife-viewing opportunities. Depending on which tour itinerary you choose you'll have excellent chances to view grizzly and black bears, caribou, moose, wolves (if you're especially lucky), Dall mountain sheep, beavers, sea otters, sea lions, harbor seals, humpback whales, orcas, spawning salmon, and many more species, all in their natural coastal, or sub-arctic tundra, taiga, or boreal forest habitats. An amazing diversity of bird-life, including bald and golden eagles, arctic terns, puffins, loons, trumpeter swans and innumerable other species, as well as a profusion of colorful wildflowers are all abundant.

QUALITY LEADERSHIP: Recognizing that the guide is the single most important factor in the success or failure of any guided trip, we employ some of the best. In addition to being knowledgeable about Alaskan human and natural history, our experienced guides are friendly, helpful, multi-talented, and conscientious: he or she will take a personal interest in you, and work hard to assure that your vacation is the relaxing, enjoyable, and memorable experience you expect!

Your hard-working guide/s will organize and coordinate the daily schedule and activities, keep you informed, guide you on hikes and adventures, feed you (and quite well at that: the food is a real highlight), transport you, handle all the details and any unexpected problems that might arise, and, in a nutshell, do what it takes to make sure that the trip is enjoyable and successful. You can relax knowing you'll be in good hands with **Get Up & Go!**

That means more personal attention, better service, a safer experience, and much better value for your vacation dollar!** You won't find a better Alaska trip for the money anywhere: we guarantee it. We don't just rush you around: most **Get Up & Go!** tour itineraries feature a majority of two and three-night stops, which means more full, travel-free days for hiking and adventuring, less time spent packing and unpacking and more time for relaxing and enjoying yourself and the great Alaskan outdoors.

Dinners on **Lodge-based** tours, and the few non-included meals on 'Camp & Cabin'-based trips, are taken at our lodges, in local restaurants, or on the ferry, and are paid for individually. Vegetarians and most special diets can also be accommodated, please list any dietary restrictions or preferences on your **Tour Reservation Form**.

"I just want to say that your company is the best. We saw more than we expected. Your guides Dave and Max were just perfect. I really enjoyed everything and will recommend your company to every person who wants to visit this amazing part of the world. Thank you so much and I hope to see you again next year! p.s. thank you about the weather! —Pavlin Z, Bulgaria

*"I just wanted to send you a quick note to let you how much fun we had on our trip with (your guides) Erin and Dave. We truly feel like we got a taste of Alaska, and experienced so many great outdoor activities during our week. Erin and Dave were both terrific about accommodating our boys' extra sense of adventure, and they kept us on a tight schedule without ever making us feel rushed. The food was yummy, and ample- even for my hungry boys. I am just thrilled that we chose to spend our Alaska vacation with **Get Up and Go**; we cannot think of one thing that would have made it a better trip for us! —Francesca Thomas, Phoenix; *Kenai Explorer**

"Just wanted to let you know that we had an exceptional time...! Thank you so much for giving us such a great adventure. Sophie (GG! guide) was awesome and I can't say enough great things about her. She was so accommodating and bent over backwards to make sure we had a wonderful time. We all consider her a friend now and look forward to staying in touch.

*"You and your team are doing a great job! I'm telling everyone who is thinking about Alaska that they need to do it with **Get Up & Go!** Take care, Joe" —Joe Diggins, Sewickley, Pennsylvania; jhdiggins@comcast.net; *Alaska Family Explorer**

TOUR INTRODUCTION: Year after year, the ten-day *Alaska Explorer* is our most popular Alaska adventure tour. And with good reason: This active, wide-ranging and diverse tour has it all! A variety of *uniquely Alaskan multi-sport activities*, *superb day hikes*, and *exceptional wildlife-viewing opportunities* are set amidst massive mountains, awe-inspiring glaciers, beautiful alpine tundra, and charming and historic mountain villages, as well as some of Alaska's finest coastal landscapes. Throw in both a stunning mountain bush plane flight over glaciers and volcanoes, and a ferry trip through the dramatic glacial wilderness of Prince William Sound (or a scenic over-flight of the glacier-clad landscape), and, well, *Alaska Explorer* is simply the most comprehensive, wide-ranging, and exhilarating introduction to wild and majestic Alaska available.

For those with more than a week to travel, *Alaska Explorer* essentially combines the best of our 6-day *Mountains & Glaciers* and *Alaska Ranger* tours into a single, 10-day, "greatest hits" adventure. Featuring extended visits to **Denali** and **Wrangell-St. Elias National Parks**, as well as to **Prince William Sound**, and **Tangle Lakes**, *Alaska Explorer* offers the best variety of scenery, the best hiking, and the most popular multi-sport activities of any of our tours. Active and adventurous? You'll love it!

GET UP & GO! *ALASKA EXPLORER* is all about getting out there and experiencing the wilds of Alaska for yourself: **Sea kayak** amidst seals, otters, and nesting sea birds to the face of a glacier; lace up crampons to **trek out onto a huge and very blue glacier**, or strap on a harness and grab some ice axes to try your hand at **ice climbing** (~\$55 supplemental fee required); **canoe** tundra-clad lakes; and go **whitewater rafting** on a fun Class III-IV river at Denali National Park. Great stuff, all of it!

The **day hiking** is memorable as well: across sub-arctic taiga and over alpine tundra, through boreal forest, alongside rivers and lakes, up to historic mining ruins, and along dramatic glaciers and glacial moraines: you will be awestruck. Please join us and experience the best of wild and majestic Alaska for yourself!

"Geoff, I just wanted to send a quick email to let you know what an incredible time we had on our 10-day Alaska Explorer tour. All the activities were truly amazing, the Alaskan wildlife and landscape are truly breathtaking – we've all ran out of adjectives, because mere words just aren't enough to describe Alaska and all we experienced. It was everything we wanted in our vacation...we truly couldn't ask for more.

*"Most importantly, all these activities were wonderfully managed by (your guide) the great John Hemmeter. What a guy!!!... John was the perfect fit for us. From the scheduling to the FOOD (he nailed it!) to the wonderful, wonderful excursions and his knowledge of all the areas, John was the consummate guide. His authentic love of Alaska shown through it all and I think that is what made the trip so special. It is a great experience to be in the presence of someone who truly loves what he does – and is so good at it. "Thank you, thank you, thank you... --Rita Garza, New York, NY *Alaska Explorer* lodge tour*

ALASKA EXPLORER: DAILY ITINERARY & ACTIVITIES

Notes: Unless identified as optional, all mentioned activities are included. Actual hikes and specific campgrounds/lodges may vary. This itinerary applies to both the 'Camp & Cabin' and Lodge-based versions of the tour, except where noted. This **flexible** tour itinerary **may operate in either direction**, and is subject to change.

DAY 1: FROM ANCHORAGE TO DENALI NATIONAL PARK

We'll meet in the morning at our Anchorage departure hotel/s (see our *Tour Pre-Departure Packet* for locations and times), introduce ourselves, and after a brief overview of the tour, head north into the vast Alaskan Interior. First stop: Denali State Park for a great 3 to 4-hour alpine hike, before proceeding on to world famous Denali National Park for a three-night stay at our beautiful lakeside campsite, with hot showers and covered dining shelter (or at our wonderful creek-side lodge).

DAY 2: DENALI NATIONAL PARK

A fun day as we can hike for 3-4 hours this morning, and then enjoy an exhilarating Class III/IV whitewater rafting trip this afternoon. A flight-seeing trip over the park to Denali, North America's highest peak (wow!), and/or a tour of the park's dogsled kennels are fun, optional activities.

DAY 3: DENALI NATIONAL PARK

Today you'll travel through the wilderness area of the park on the park shuttle bus, with exceptional wildlife viewing and hiking opportunities. This fantastic sub-arctic wilderness teems with wildlife, including grizzly bears, wolves, caribou, Dall sheep, moose and more. Denali is also the home of the continent's highest peak, 20,320' Denali: "The Great One."

DAY 4: TANGLE LAKES AREA

Today we pack up and head east along the even more remote Denali Highway, paralleling the scenic southern side of the Alaska Range. This unlikely gravel "highway" passes through some of the wildest, most remote, road-accessible country on Earth, with amazing mountain, glacier, tundra, and river valley views. Along the way we'll stop for a beautiful hike across the tundra-clad foothills to a panoramic lookout point. At Tangle Lakes we can canoe on the "tangle" of lakes, hike atop glacial eskers and across the rolling tundra, and marvel at the mountain scenery, wildflowers, and prolific bird and wildlife. There are lots of rare and interesting birds, as well as moose, foxes, arctic ground squirrels, beavers, muskrats, and occasionally grizzly bears to be seen throughout the whole area. Tangle Lakes is a wild, special, seldom-visited place, sure to leave a lasting impression.

DAY 5: WRANGELL-ST. ELIAS NATIONAL PARK / MCCARTHY

After a morning hike or paddle, we'll continue to the Copper River, where a few small planes will meet us for a stunningly scenic flight across the volcanic and glacier-clad Wrangell Mountains into immense Wrangell-St. Elias National Park, the largest in the USA and a United Nations World Heritage Site. Our destination? The Copper Rush boomtown of McCarthy (pop. ~25), everyone's favorite Alaskan ghost town! We'll spend three nights here (in the charming lodge, or in shared cabins on the 'Camp & Cabin' version of the tour) at the foot of the mighty Kennicott Glacier, deep in the heart of the park. 16,390' Mt. Blackburn looms up the glacier, and other huge peaks are all about. Four major mountain ranges, 9 of the 16 tallest peaks in the US, and the largest non-polar ice field on Earth all converge in this little-known and seldom-visited gem of a national park.

DAY 6: WRANGELL-ST. ELIAS NATIONAL PARK / MCCARTHY & KENNICOTT

Today we will venture out onto the ice with a local mountaineering guide and crampons to explore the blue crevasses, moulins, and the rest of the fascinating glacial geography. The more adventurous can challenge themselves with an optional introductory ice-climbing course on the glacier (+ ~\$55). Optional flight-seeing over the immense fields of glacial ice; and/or historic Kennecott Mine tour are also available; as are various ranger-led activities.

DAY 7: WRANGELL-ST. ELIAS NATIONAL PARK / MCCARTHY & KENNICOTT

Today we can hike up to the abandoned Bonanza Mine for incredible mountain and glacier views. This vigorous hike is the consensus favorite of both clients and guides year after year. Less strenuously, you can either hike along the lateral moraine of the Root Glacier, along McCarthy Creek or out to the toe of the huge Kennicott Glacier, where you can witness it actually moving, depositing the boulders and debris it has carved and carried from the mountains into the terminal lake that it has formed (headwaters of the Kennicott River). Or, if you prefer, take a day off to simply relax and soak up the mountain village ambiance. You won't want to leave McCarthy!

DAY 8: WORTHINGTON GLACIER & VALDEZ

Driving out of Wrangell-St. Elias National Park we'll cross yet another tremendous range: the heavily glaciated Chugach Mountains. At alpine Thompson Pass we can hike either to the toe, or up the lateral moraine of Worthington Glacier, to a dramatic view of the ice field that feeds this very blue "river" of ice. Dropping down out of the mountains afterwards to the picturesquely set town of Valdez, we'll get our first taste of magnificent coastal Alaska. The young and geologically very active Chugach range rises up literally out of the sea, ringing super-scenic Prince William Sound. Glaciers are all about, some of them spilling their loads of ice directly into the sea.

DAY 9: VALDEZ & PRINCE WILLIAM SOUND

Today we'll experience some of the best sea kayaking available anywhere. After gearing up and a quick water taxi ride to protected Shoup Bay, we'll paddle past huge waterfalls and the largest kittiwake rookery on Prince William Sound (home of 18,000+ nesting sea birds), up to the face of spectacular Shoup Glacier. Alternatively, enjoy a half-day wildlife and glacier-viewing cruise. Salmon and halibut fishing charters are also optionally available.

DAY 10: PRINCE WILLIAM SOUND FERRY CROSSING & BACK TO ANCHORAGE

This morning we'll board the Alaska state ferry for a beautiful crossing of Prince William Sound, on the lookout for whales, bald eagles and other wildlife. Following a short hike (time permitting), we'll drive back to Anchorage. On some trips (depending on the ferry schedule), a scenic flight over the glacier-clad Sound from Valdez back to Anchorage may be substituted, allowing for a longer hike in the Anchorage area. Either way, the trip will end in Anchorage at ~5 p.m.

ACCOMMODATIONS

'CAMP & CABIN'-BASED TOURS: 10 days / 9 nights. We tent camp in organized campgrounds six nights, and spend three nights in shared cabins at a friendly lodge in Wrangell-St. Elias National Park. The lodge is beautifully set overlooking the glacier, and has a wood-burning sauna, as well as showers and flush toilets, etc. While camping, we supply easy-to-erect, four-person Eureka tents, which are perfect for two people and their luggage. Showers are available all but one day. Be sure to bring your own sleeping bag and insulated sleeping pad, or, *with advance notice*, you can rent these cheaply from us (\$25 per bag/tour, and/or \$10 per sleeping pad/tour).

LODGE-BASED TOURS: 10 days / 9 nights. Nights are spent in twin-share rooms or cabins at lodges or hotels. Our lodges, cabins, and hotels are not extravagant (don't expect televisions, in-room telephones, baggage handling, or room service), but they are friendly, comfortable, scenically situated, and rich with Alaskan hospitality and character. You're going to like them! Most feature private bathrooms and showers, although the remote and historic McCarthy Lodge is somewhat more rustic, with shared facilities (they provide bathrobes and slippers to all guests, and many bathrooms mean waiting is very rare). The lodges also offer opportunities to meet local people, thus offering a slice of local color and some insight into what it's like to live in the Great Land year around. The price is based on twin-share rooms. Solo travelers must pay a \$850 **single supplement**, although we may be able to pair you with another same-sex single if you desire, thereby avoiding the supplement; please inquire.

TOUR INTRODUCTION: The beautiful **Kenai Peninsula**, projecting into the Gulf of Alaska between Prince William Sound and the Cook Inlet, is Alaska in microcosm. Featuring dramatic mountains and glaciers, rugged, fjordal coast line, lush spruce and hemlock forests, tens of thousands of lakes, bountiful bird and wildlife, and superb hiking and adventure activities, the Kenai is truly an outdoor lover’s paradise.

It’s only natural then that our six-day *Kenai Explorer* tour is so enticing, highlighted by visits to dramatic **Kenai Fjords National Park**, to the lake-studded **Kenai National Wildlife Refuge**, and to little-visited and wildlife-rich **Kachemak Bay State Park**, as well as to the charming seaside Kenai Peninsula towns of Seward, Homer and Hope.

GET UP & GO! Dramatic scenery and wildlife are not the tour’s only attractions, however, as *Kenai Explorer* also includes fantastic day hiking and multi-sport activities. Multi-sport highlights include a beautiful **sea kayaking** day trip in beautiful Kachemak Bay State Park. Bald eagles are all about, as are lolling sea otters; whales, bears and other mammals and sea birds are also frequently sighted. A **Class IV whitewater rafting** trip is another unforgettable and included tour highlight (or you can upgrade to a **Class V** trip for an additional fee).

The **hiking** throughout this tour is especially good, with hikes alongside glaciers, through old growth rain forests, up to alpine lakes, and along beautiful beaches all part of the scheduled itinerary.

A six-hour **glacier and wildlife-viewing cruise** through the stunning fjordlands of **Kenai Fjords National Park** is a highly recommended, optional highlight. Deep-sea salmon and halibut fishing charters, and dogsled mushing on a helicopter-accessed glacier, are optionally available activities.

You’ll be glad you chose the *Kenai Explorer*, a beautiful tour with exhilarating multi-sport adventure activities, hiking, and glacier and wildlife-viewing opportunities, in one of Alaska’s most diverse and attractive regions. Please join us!

“I just want to send you a quick note to tell you how great was my trip this year. The guides did an awesome job. And I’m pretty sure my three other friends had a really good time. We laughed a lot!”

*“Everything was well organized and the food was excellent.... The schedule was just perfect: pretty active and relaxing at the same time. I really liked the daily hikes and all the time we had in the evenings to hang out. Also, I really appreciated the short driving hours. In my opinion, **Kenai Explorer** was the best week I had among the three I spent in Alaska (with you). The stay at the resort in the last two days was a pretty good idea to end up the trip.*

*“I came back to NY refreshed, relaxed and really happy. It was good vacation.... Thanks and I hope **Get Up and Go! Tours** will continue for a long time....” --Elise Maguire, New York; **Kenai Explorer, Mountains & Glaciers**, and **Alaska Ranger***

KENAI EXPLORER

DAILY ITINERARY & ACTIVITIES

Notes: Unless identified as optional, all mentioned activities are included.
Specific hikes, days that activities take place on, and campgrounds may vary.
This **flexible** tour itinerary may operate in either direction, and is subject to change.

DAY 1: FROM ANCHORAGE TO SEWARD & KENAI FJORDS NATIONAL PARK

We'll meet in the morning at our Anchorage departure hotel/s (see our *Alaska Tour Pre-Departure Packet* for locations and times), introduce ourselves, and after a brief overview of the tour, head south to the beautiful Kenai Peninsula. On the way we'll parallel scenic Turnagain Arm. This mountain-lined and glacier-carved fjord, the ultimate extension of the Cook Inlet, Gulf of Alaska and Pacific Ocean, was named by a frustrated Captain Cook, during his 1778 search for the legendary Northwest Passage. A beautiful riverside hike through the lush **Chugach National Forest** to an alpine lake (or another hike) kicks off the tour's activities. Afterwards, we continue on to **Seward**, gateway to **Kenai Fjords National Park**, for a two-night stay. Camping.

DAY 2: SEWARD & KENAI FJORDS NATIONAL PARK

This morning you can choose between an optional 6-hour wildlife viewing cruise to an active tidewater glacier in stunning **Kenai Fjords National Park**; a hike; a free afternoon in the town; or a variety of other optional activities. The day cruise is highly recommended: whales, porpoises, sea lions, sea otters, seals, bald eagles, puffins and an interesting variety of other sea birds are all commonly seen, and the close-up view of the calving tidewater glacier is truly spectacular. Salmon or halibut fishing charters, a visit to the Alaska Sea Life Center, and even a dog sled mushing trip on a helicopter-accessed glacier are all also optionally available (see "Optional Activities" below). We can then take a hike to the local glacier or to a pretty beach after dinner. Camping.

DAY 3: KENAI FJORDS NATIONAL PARK & KENAI NATIONAL WILDLIFE RESERVE

One of our favorite hikes anywhere is today's highlight: up along the very blue Exit Glacier to an overlook of the 800-square mile Harding Ice Field, focal point of **Kenai Fjords National Park** and the source of its many glaciers. Moose, bears, mountain goats, porcupines, and marmots are all commonly seen on this hike, and the glacier and ice field are dramatically beautiful; this inspirational hike will stay with you long after you've left Alaska. Afterwards, a short drive brings us to the pretty **Kenai National Wildlife Refuge**, where we camp near a large lake. Camping.

DAY 4: HOMER & ACROSS THE BAY TO KACHEMAK BAY STATE PARK

Following a morning hike to a scenic overlook, we'll continue on to the seaside community of **Homer**, at the peninsula's southwestern tip. There's usually some free time in town to visit the excellent museum and art galleries, or to hike on the beach before taking a water taxi across the bay to our **remote waterfront cabins** in **Kachemak Bay State Park**. Shared cabins.

DAY 5: KACHEMAK BAY STATE PARK

A full day for kayaking in the bay, up fjords, along the coast and/or out to some of the bay's many uninhabited islands. Wildlife is very abundant, especially sea otters and bald eagles, and there is no better way to view it than from the seat of a sea kayak! Alternatively, you could take an optional halibut fishing charter: these waters are famous for having some of the best fishing in the world. This afternoon we can explore and relax on the beach, pick blueberries, or perhaps hike up through the lush coastal forest to a very scenic overlook from which the bay, Cook Inlet, and several of the volcanoes of the Alaska Peninsula and Aleutian Islands are visible: Wow! You're not going to want to leave our remote sanctuary in beautiful Kachemak Bay State Park! Shared cabins.

DAY 6: TO HOPE & BACK TO ANCHORAGE

This morning we water taxi back to Homer and carry on to the small gold rush community of **Hope**, where we'll cap the tour off with an exciting Class IV whitewater rafting trip through two canyons of famous **Six-Mile Creek**. For a supplemental payment of ~\$50 you can upgrade to a three canyon Class V trip, some of the most exhilarating whitewater available anywhere. If the rafting doesn't sound like your thing you can instead enjoy a beautiful hike, and/or explore the charming and scenic seaside town and beach. Afterwards we'll make the short drive back to Anchorage, where the tour ends between 7 and 8:30 pm. Please do not schedule return flights that depart prior to 9:30 pm.

TOUR INTRODUCTION: It won't take long for you to see how this action-packed tour got its name. "We had a simply marvelous time on your Mountains & Glaciers tour. Everything was perfect: the itinerary, the food, the guide, the group, ...even the weather! My husband is already talking about the next time we go to Alaska. I wish I could offer some helpful suggestions for improvement, but I just can't think of anything I would have changed. Please tell (guide) Marci that we are simply enamored with her and her cooking and think she is the best guide ever! Thank you for everything."

--Heather & Bryan Richman

"Hi Geoff, I wanted to send you a quick email to comment on my recent Mountains & Glaciers trip. This was my 2nd time doing the exact same tour.... the last trip being three summers ago, of note that was a great trip...hence the repeat client.

My most recent trip with Marci as my guide... EXCELLENT!!!! She blew me away with her knowledge, patience, kindness, humor and best of all her cooking skills!! I felt as though she gave 200% of herself to her clients and I was personally very impressed. She was always willing to do whatever it took to please us...very flexible. She told us this was her first year as a guide with you...she is definitely a keeper! As an employer myself...I know EXCELLENT / Responsible employees can be difficult to find, I wanted you to know how lucky you are to have her. Thanks for another awesome trip.... I'll be Back!"

DAILY ITINERARY & ACTIVITIES

Notes: Unless identified as optional, all mentioned activities are included. Actual hikes and campgrounds may vary. This flexible tour itinerary may operate in either direction, and is subject to change.

DAY 1: FROM ANCHORAGE TO THE MATANUSKA VALLEY

We'll meet in the morning at our Anchorage departure hotel/s (see our *Alaska Tour Pre-Departure Packet* for locations and times), introduce ourselves, and after a brief overview of the tour, head north toward Hatcher Pass in the Talkeetna Mountains. Here we'll kick things off with a beautiful hike up to some alpine tarns and waterfalls (depending on conditions and other factors, another hike may be substituted). Afterwards we'll head to our riverside campground in the Matanuska Valley. Camping.

DAY 2: WRANGELL-ST. ELIAS NATIONAL PARK / MCCARTHY

A beautiful drive takes us to the Copper River-side town of Chitina, where a few small planes will meet us for a stunningly scenic flight across the volcanic and glacier-clad Wrangell Mountains, into immense Wrangell-St. Elias National Park, the largest in the USA, and a United Nations World Heritage Site. Our destination? The copper rush village of McCarthy (pop. ~25), everyone's favorite Alaskan ghost town! We'll spend two nights here in shared cabins at a charming lodge set at the foot of the mighty Kennicott Glacier, deep in the heart of the park. 16,390' Mt. Blackburn looms up the glacier, and other huge peaks are all about. Four major mountain ranges, 9 of the 16 tallest peaks in the US, and the largest non-polar ice field in the world converge in this little-known and seldom-visited gem of a national park. Cabins.

DAY 3: WRANGELL-ST. ELIAS NATIONAL PARK / MCCARTHY & KENNICOTT

Today we will venture out onto the ice with a local mountaineering guide and crampons to explore the blue crevasses, moulins, and the rest of the fascinating glacial geography. The more adventurous can challenge themselves with an optional introductory ice-climbing course on the glacier (+ ~\$55). Optional "flight-seeing" over the glacial wilderness, and/or a Kennecott Mine tour are also available, as are various ranger-led activities. Cabins.

DAY 4: WORTHINGTON GLACIER & VALDEZ

Driving out of Wrangell-St. Elias National Park we'll cross yet another tremendous range: the heavily glaciated Chugach Mountains. At alpine Thompson Pass we can hike up the lateral moraine of Worthington Glacier to a dramatic view of the ice field that feeds this very blue "river" of ice. Dropping down out of the mountains afterwards to the picturesquely set town of Valdez we'll get our first taste of magnificent coastal Alaska. The young and geologically very active Chugach range rises up literally out of the sea, ringing super-scenic Prince William Sound. Glaciers are all about, some of them spilling their loads of ice directly into the sea. Camping.

DAY 5: VALDEZ & PRINCE WILLIAM SOUND

Today we'll experience some of the best sea kayaking available anywhere. After gearing up and a quick water taxi ride to protected Shoup Bay, we'll paddle past huge waterfalls and the largest kittiwake rookery on Prince William Sound (home of 18,000+ nesting sea birds), up to the face of spectacular Shoup Glacier. Alternatively, enjoy a half-day wildlife and glacier-viewing cruise. Salmon and halibut fishing charters are also optionally available. Camping.

DAY 6: ACROSS PRINCE WILLIAM SOUND, BACK TO ANCHORAGE

This morning we'll board the Alaska state ferry for a beautiful crossing of Prince William Sound, on the lookout for whales, bald eagles and other wildlife. Following a short hike (time permitting), we'll drive back to Anchorage. On some trips (depending on the ferry schedule), a scenic flight over the glacier-clad Sound from Valdez back to Anchorage may be substituted, allowing for a longer hike in the Anchorage area. Either way, the trip will end in Anchorage at ~5 p.m.

Tour Price: \$1,550. **All meals included***. No single supplement or sales tax.

6 days/5 nights. 3 nights tent-camping at a comfortable campground, 1 night at a remote camp, and one night indoors at a lodge

GET UP & GO! ALASKA RANGER--named after the huge, interior Alaska Range of mountains--takes you into a largely pristine region of immense mountains, huge, glacier-carved valleys, endless, rolling tundra, mighty glacial rivers, bountiful and compelling wildlife, and almost no towns or inhabitants at all. In other words: The perfect Alaskan setting for unforgettable **day hiking, whitewater rafting, glacier trekking**, (or optional **ice climbing**), and wilderness **canoeing!**

The tour is highlighted by a 3-night stop at Alaska's first and most popular national park: **Denali**, in the heart of the Alaska Range. This huge park teems with readily viewable wildlife like no other region of the North American continent. **Grizzlies, wolves, moose, caribou** and **Dall mountain sheep** ("The Big Five"), along with many smaller mammals, and hundreds of species of birds, are all abundant. And above this Vermont-sized wilderness park towers mighty Denali itself (also known as **Mt. McKinley**), North America's largest (20,320') and most spectacular peak. In addition to observing the wildlife, we'll also enjoy great **hiking**, and some fun **whitewater rafting** at Denali. **Scenic flights** over the mountain are also optionally available.

ALASKA RANGER now also features a **fantastic night at a remote, riverside camp**, in the eastern Alaska Range tundra foothills. We'll travel upstream on a beautiful glacial river in jet boats to our remote camp, where we'll enjoy excellent **hiking and wildlife viewing opportunities**, before canoeing back downstream to civilization the following morning: a trip highlight!

The tour is climaxed by a night at a friendly and beautifully set lodge near the massive **Matanuska Glacier**. From here we'll take a fascinating **glacier trek** to an impressive icefall on the otherworldly glacial ice (or, for an additional ~\$80 payment, you can upgrade to a 6+ hour introductory **ice climbing** course on the glacier, no experience necessary). Two new zip-line courses near the glacier also are now optionally available for you adrenaline junkies (~\$119).

If you're looking for wilderness on the grand scale, abundant wildlife, and of course great hiking, rafting, canoeing, and glacier travel--and have just six days--well: This is the tour for you!

"All positive comments from this customer! I had an incredible time and already look forward to my next trip up there, whenever that ends up being, hopefully soon! Everything about the trip was great... The sights, the planned activities, the camping equipment, the FOOD! Everything was well thought out, planned, and executed. Dave showed us what "luxury" camping was all about. He certainly knows his stuff and knew a lot about Alaska and the areas we visited. He was great at making me feel like I was getting the most out of the short time I was there.... (and) gave us the flexibility to adjust our activities as we wanted.... The camp then cabin order of the tour was nice, too... the beautiful lodge was a nice finish.

*"I've fallen in love with Alaska and I have your tour to thank. I certainly will make **Get Up and Go! Tours** my first shopping stop when I plan my next trip. Thanks again, Paola" --Paola Hayes, San Diego, CA; **Alaska Ranger***

"Yesterday I came back to Switzerland after 3 weeks in Alaska.... Although everything was good, our Alaska Ranger tour week was the best of all! I thank you all, mainly you, (guide) Dave, for this fantastic experience!" --Jurg Lietha, Switzerland

*"I just returned from a 'Camp and Cabin' (Alaska Ranger) tour with Matt. I want to let you know how great he is... I'd do another tour with him as guide. The trip was more than I expected. Just when I would think that things couldn't get better, they did. GREAT TIME!!" --Margie Bonazzola, Solvang, California. **Alaska Ranger***

ALASKA RANGER: DAILY ITINERARY & ACTIVITIES

Notes: Unless identified as optional, all mentioned activities are included. Actual hikes and campgrounds/lodges may vary. This **flexible** tour itinerary may operate in either direction, and is subject to change.

DAY 1: FROM ANCHORAGE TO DENALI NATIONAL PARK

We'll meet in the morning at our Anchorage departure hotel/s (see our *Tour Pre-Departure Packet* for locations and times), introduce ourselves, and after a brief overview of the tour, head north into the Alaskan Interior. First stop: Denali State Park for a great 3 to 4-hour alpine hike, before proceeding on to world famous Denali National Park for a three-night stay at our beautiful lakeside campsite, with hot showers and covered dining shelter.

DAY 2: DENALI NATIONAL PARK

A fun day as we can hike for 3-4 hours this morning, and then enjoy an exhilarating whitewater rafting trip this afternoon. A flight-seeing trip over the park to Mt. McKinley: wow! and/or a tour of the park's dogsled kennels are fun, optional activities.

DAY 3: DENALI NATIONAL PARK

Today you'll travel through the wilderness area of the park on the park shuttle bus, with exceptional wildlife viewing and hiking opportunities. This fantastic sub-arctic wilderness teems with wildlife, including grizzly bears, wolves, caribou, Dall sheep, moose, and numerous smaller mammals. Denali is also the home of the continent's highest peak, 20,320' Mt. McKinley, known in Alaska as Denali: "The Great One."

DAY 4: THE DENALI "HIGHWAY" TO OUR REMOTE RIVERSIDE CAMP, IN THE EASTERN ALASKA RANGE

Today we break camp and head east along the even more remote Denali Highway, paralleling the scenic southern side of the Alaska Range. This unlikely gravel "highway" passes through some of the wildest, most remote, road-accessible country on Earth, with amazing mountain, glacier, tundra, and river valley views.

The excitement ratchets up a notch as we load our gear and canoes into a waiting river air boat and ferry upstream toward the towering, glacier-strewn Alaska Range and our remote riverside wilderness camp. Here we can hike and enjoy the solitude and an evening campfire, before floating back downstream in the morning, an easy and exhilarating wilderness paddle!

There are lots of rare and interesting birds, as well as moose, foxes, arctic ground squirrels, beavers, muskrats and occasionally grizzly bears to be seen throughout the whole area. The Denali Highway area is a special, seldom visited place, sure to leave a lasting impression.

DAY 5: WILDERNESS CANOE PADDLE & ON TO MATANUSKA VALLEY

After we return to (relative) civilization in our canoes this morning (as outlined above), we'll enjoy a picnic lunch and then take a beautiful short hike at the pass, with tremendous 360 degree views of the mountains, rivers, and lakes that are everywhere about: breathtaking! After the hike we'll drive the brief remaining section of the Denali Highway, and then head south and west as we travel through dense spruce and aspen forests, dotted with literally tens of thousands of lakes, for a night indoors at the beautifully situated Majestic Valley Wilderness Lodge, near the spectacular Matanuska Glacier.

DAY 6: MATANUSKA GLACIER & BACK TO ANCHORAGE

Today we will venture out onto the glacier with a local mountaineering guide and crampons to explore the blue crevasses, moulins, and the rest of the fascinating glacial geography. The more adventurous can challenge themselves with a longer, optional, introductory ice-climbing course on the glacier (+ ~\$80). Two new zip-line courses are also now optionally available near the glacier (\$119). The tour ends back in Anchorage between 5 and 8:30 pm.

GET UP & GO!

in an extraordinary region of Alaska rarely seen by travelers of any stripe, and home to more caribou, grizzly bears, musk oxen, foxes, and migratory birds than humans! *Arctic Explorer* provides you the unique opportunity of traveling through the vast, ultra-remote, and otherworldly Alaskan Arctic and Interior regions, from the surreal community of Deadhorse, on the Arctic Ocean, to Fairbanks, Alaska's second city and the unofficial capitol of the sprawling Alaskan Interior.

After an initiatory dip in the Arctic Ocean (or perhaps just a photo!), we'll travel southward through the pristine wildlife habitat of the Arctic Coastal Plain and up the Arctic North Slope to the Brooks Range, the planet's northernmost mountain range, forming an 800-mile arc across the top of the continent. Here we'll enjoy fantastic tundra hiking, first on the north side of the range, near the Arctic National Wildlife Refuge (ANWR), and then on the south side, just outside Gates of the Arctic National Park. Exotic nesting birds and wildlife are bountiful, trees are nowhere to be seen, and the Midnight Sun shines 24 hours a day for most of the summer, never setting, as it completes one glorious summer revolution after another of the boundless Arctic sky, illuminating the incredible Arctic mountain, river, and tundra landscapes.

Continuing south from the Brooks Range and across the Arctic Circle, we'll enter into the equally vast, but heavily forested, and—except for a handful of tiny pioneer communities and native villages—virtually uninhabited watershed of the ~2,000-mile long Yukon River, and the Alaskan Interior. Our final destination, the remote and friendly community of Manley Hot Springs (a relative metropolis with a population of ~100), with its greenhouse-encased thermal baths, great canoeing, lively roadhouse, and fascinating frontier subsistence lifestyle, is a welcoming oasis. We ultimately return to civilization in Fairbanks: at ~80,000, the largest city in the world at such a northerly latitude, and home to Alaska's largest and best university.

A super scenic wilderness train ride from Fairbanks back to Anchorage (or vice versa, depending on the direction of your specific tour departure) is an optional means of extending your trip another day.

ARCTIC EXPLORER features not only sensational wilderness hiking, canoeing and unrivalled wildlife viewing opportunities, but also a unique and intimate perspective into life on the extreme edges of the Last Frontier. With visits to the infamous oilfield complex that guards access to the Arctic Ocean and spits out its 800-mile long Alaska Pipeline; to a friendly subsistence trapper's cabin in the long-abandoned gold rush community of Wiseman, on the Koyukuk River, made famous by the conservationist icon Robert Marshall in his 1933 non-fiction book *Arctic Village*; to a riverside hot spring village that was once a thriving, steamboat-accessed resort; and even a tour of the famous Reddington family's dog sled racing kennel and homestead; you will leave Alaska feeling you know not only its extraordinary land, wildlife, and nature, but also its frontier culture. Please join us!

"We had the time of our lives!!!! I cannot tell you how much we appreciated the opportunity to see Alaska from the perspective of how you set up the tours. Thanks so much for the opportunity. Again, much thanks for the opportunities that you provided to us for a wonderful time in being able to see much of what Alaska has to offer." –Linda Ross, Arctic Explorer

DAILY ITINERARY & ACTIVITIES

Notes: Unless identified as optional, all mentioned activities are included. Actual hikes and campsites may vary. This **flexible** tour itinerary **may operate in either direction** (please inquire), and is subject to change.

DAY 1: PRUDHOE BAY/DEADHORSE TO GALBRAITH LAKE & THE BROOKS RANGE FOOTHILLS

Most group members will arrive in Prudhoe Bay/Deadhorse (~70 degrees northern latitude!) at ~9 a.m. this morning on **Alaska Airlines** flight #55 from Anchorage or Fairbanks (If your particular tour is operating in the opposite direction, we will meet in Fairbanks at ~8:30 am today; please inquire about the direction of your particular tour before reserving flights or making other travel arrangements). Your guide/s will meet you at the Prudhoe Bay airport, and after a brief overview of the tour, we'll pass through the controlled-access oilfield for a trip to the Arctic Ocean. After a photo or a dip in the ocean (subject to access restrictions), we'll escape this bizarre industrial compound and head south along the 414-mile Dalton Highway into the real Alaska, toward our spectacularly situated wilderness campsite in the foothills of the mighty Brooks Range.

As we cross the Arctic Coastal Plain and then begin the climb up the Arctic North Slope we'll keep our eyes open for the herds of caribou and musk oxen, and the solitary grizzly bears that all roam the tundra. Paralleling the northerly flowing Sagavanirktok River and the Arctic National Wildlife Refuge (as well as the Alaska Pipeline), the gravel highway takes us through some of the most remote, wild, and pristine road-accessible habitat on the continent. In addition to the mega-fauna, literally hundreds of different species of exotic migratory birds are commonly seen, including snowy owls, long-tailed jaegers, golden eagles, arctic terns, snow geese, arctic loons, eiders, and much, much more. (LD)

DAY 2: GALBRAITH LAKE, IN THE NORTHERN FOOTHILLS OF THE BROOKS RANGE

A full day for wilderness tundra hiking and exploration in this pristine wilderness will leave you awestruck. The scale and wildness of the mountain and river valley landscape is as humbling as it is inspirational. Climb ridges, ford creeks, ramble across the tundra, and watch for wildlife: the options are virtually limitless. (BLD)

DAY 3: ACROSS THE BROOKS RANGE TO WISEMAN

After another morning hike we'll make the short but incredibly scenic drive up and across the Brooks Range at Atigun Pass, on the lookout for grizzly bears, Dall sheep, and other wildlife en route to our next beautiful campsite, near the historic "furthest north" gold rush village of Wiseman (population ~20), for another two-night stay. (BL)

DAY 4: WISEMAN, AND THE SOUTHERN BROOKS RANGE

The renowned conservationist and writer Robert Marshall made the remote gold rush ghost town of Wiseman his home for several years in the 1930's, later documenting his experience and insights in his fascinating book *Arctic Village*. We'll visit the historic log cabins and museum of this charming and ramshackle ghost town this morning, and, with any luck, bump into Jack Reakoff, famous local trapper, artist, naturalist, and pipeline watchdog. Time with Jack is always well spent, as few people since Marshall are as knowledgeable and insightful about life in the northern Alaska bush as this passionate and articulate Alaskan subsistence homesteader. Afterwards we'll make the short drive to the base of Midnight Dome, on the edge of rarely visited Gates of the Arctic National Park, for some incredible tundra hiking (and berry picking, in season). (BLD)

DAY 5: ACROSS THE ARCTIC CIRCLE & YUKON RIVER TO MANLEY HOT SPRINGS

Now south of the Brooks Range, we head into the heavily forested, rolling hills of the vast Alaskan Interior. After stops at the Arctic Circle and Yukon River we continue on to the friendly and funky, end-of-the-road town Manley Hot Springs (pop ~100) for a relaxing two-night stay. Break out your bathing suits for an invigorating dip in the greenhouse-encased pools this evening, and, if it suits your fancy, rub elbows and tip a beer with the locals in the authentically Alaskan *Manley Roadhouse*. (BL)

DAY 6: MANLEY HOT SPRINGS

Two great activities today: First we'll paddle canoes down the reflective and lake-like slough from our campsite, beneath the huge Interior Alaskan sky, on the lookout for beavers, moose and birds. This afternoon we'll take a privately guided tour of the Reddington Iditarod Dogsled Kennel, where Joe Reddington Jr. (son of Iditarod race-founder Joe Reddington, and a famous and successful sprint racer in his own right), and his wife Pam breed, raise and train Alaskan husky racing dogs at their remote homestead kennel. Another soak in the luxurious hot spring pools this evening caps a fascinating and uniquely Alaskan day. (BLD)

DAY 7: BACK TO FAIRBANKS (AND CIVILIZATION!)

Heading back to modern civilization, we'll stop for a final hike in the beautiful tundra-clad hills of the White Mountains National Recreation Area before returning to Fairbanks, where the tour ends around 5 pm. Flights depart for Anchorage and beyond this evening, or you can optionally overnight in town and then take a scenic all-day Alaska Railroad trip back to Anchorage the next morning. (BL)

GET UP AND GO! While our other tours are for adults only, *Alaska Family Explorer* is specially designed with active children (ages 10 and older, or ages 6 and older on select and private trips*, please inquire) and adventurous families in mind. Highlighted by multi-day visits to **Denali** and **Kenai Fjords National Parks**, and to the huge **Matanuska Glacier**, as well as a visit to the **Alaska Wildlife Conservation Center (AWCC)**, *Alaska Family Explorer* features a full-time guide (or two, for groups of 8-12 on Camp & Cabin-based versions of the trip), exceptional opportunities to view Alaskan wildlife and glaciers, as well as several fun and exciting included and optional adventure activities that your family will remember forever!

We start the tour by heading south along dramatic Turnagain Arm toward the Kenai Peninsula. An included visit to the fantastic **Alaska Wildlife Conservation Center**, near Portage, affords great, close-up views of Alaskan wildlife, including bears. From here it's on to the lush Kenai Peninsula and to the coastal community of **Seward**, gateway to **Kenai Fjords National Park**, for a two-night stay. Here we can walk out to the dramatic **Exit Glacier**, and take a short hike through the coastal rainforest down to a salmon stream and a pristine beach. Optional activities in Seward include a fantastic **wildlife and glacier-viewing cruise** in the fjords of the national park, on the lookout for whales, sea otters, sea lions, bald eagles, puffins, and more. A visit to the excellent **Alaska SeaLife Center**; a **salmon or halibut fishing charter**; an easy 3-hour **sea kayaking paddle**; and even a **helicopter-accessed dog-mushing trip on a glacier** are additional optional activities available here. Like all the other activities on this trip, included or optional, *no previous experience is necessary* to participate in any activity.

From Seward we'll head northeast to a beautifully set lodge near the huge **Matanuska Glacier**, for a two-night stay. In addition to plenty of family time, there is a highly recommended option to strap crampons onto your boots and venture out onto the dynamic and very blue glacier ice on a **guided glacier trek**, or even try an **introductory ice-climbing course**. A **zip-line** course is another exciting option here.

Next we head to **Denali**, one of the world's most famous and inspirational national parks, for a three-night stay. Here you will **ride on the park's wildlife-viewing shuttle bus**, on the lookout for grizzly bears, caribou, moose, Dall sheep, wolves, foxes and more. There will also be optional opportunities here to go river rafting (white or calm water: fun!); to take a scenic flight to Denali (the highest peak in North America), and to hike.

On the final day of the tour we visit the famous **Denali dogsled kennels** in the morning before making the drive back to Anchorage, where the tour ends at ~6 pm. A final and highly recommended option is to forego the drive, and instead board the **Alaska Railroad**, for a beautiful, **wilderness train ride** from Denali back to Anchorage (~8 p.m. arrival in Anchorage).

Both 'Camp & Cabin' (C&C) and lodge-based versions of this tour are available (on different dates, see above). Other than the nightly lodging, the itineraries of both versions of this 8-day, 7-night tour are identical. On the C&C version we will camp at established campgrounds five nights and stay in rooms at a beautifully set lodge two nights (two or three family members per room). The camping equipment we provide is of high quality; you need only bring sleeping bags and pads (or you can rent these cheaply from us with advance notice). On the lodge version of the tour we spend seven nights in comfortable lodges, two to four family members per room.

ALASKA FAMILY EXPLORER

DAILY ITINERARY & ACTIVITIES

Notes: This itinerary applies to both the 'Camp & Cabin' and Lodge-based versions of the tour, except where noted.

This flexible tour itinerary may operate in either direction, and is subject to change.
Activities listed as optional are at additional cost. Pre-booked optional activities must be pre-paid,
or your guide will book these for you during the tour, on a space-available basis (payable locally, credit cards accepted).
Last-minute decisions on most optional activities are often possible if you're not sure now...

DAY 1. ANCHORAGE TO SEWARD & KENAI FJORDS NATIONAL PARK. We'll meet in the lobby of our Anchorage departure hotel this morning, introduce ourselves, review this tour itinerary, load up, and head out. Today's short drive is beautiful, along scenic Turnagain Arm to the Kenai Peninsula. Wild Dall mountain sheep, bald eagles, and even beluga whales are all commonly seen on this drive. Along the way we'll stop at the **Alaska Wildlife Conservation Center** for close-up views of grizzlies, bison, moose, and numerous other Alaska animals. We can also stop at a glacier with a year 'round snowfield for a fun walk en route. Once in Seward, we can take an easy walk through an old growth rain forest to a stunning Resurrection Bay beach; in late July and August, the stream there is chock full of spawning salmon, a sight to behold. There are also options this afternoon to visit the Alaska SeaLife Center, go "heli-mushing" (mush your own dog sled team across a helicopter-accessed glacier!), or simply enjoy some free family time strolling around the charming seaside town.

DAY 2. SEWARD & KENAI FJORDS NATIONAL PARK. Today we can make the easy walk out to the face of huge Exit Glacier, in Kenai Fjords National Park. An optional and highly recommended day cruise out to an actively calving glacier in the national park is not to be missed! Whales, sea otters, sea lions, porpoises, seals, leaping salmon and a great variety of bird life are commonly seen on this trip, including puffins, bald eagles, and more. Deep-sea fishing is another option.

DAY 3. MATANUSKA VALLEY & GLACIER. Prior to leaving Seward, there is an optional opportunity to go sea kayaking along the stunning coastline this morning, prior to traveling northeast to our lodge, near the enormous Matanuska Glacier. We'll check into our beautifully situated lodge around dinnertime for another two-night stay, and enjoy a delicious family-style meal in their high-ceilinged dining room this evening.

DAY 4. MATANUSKA VALLEY & GLACIER. After a big breakfast, there is a highly recommended option to go on a guided trek on the glacier. Local glacier guides will fit you with crampons (spikes that you strap to your boots or sturdy shoes), helmets, and hiking poles, for an unforgettable guided walk out onto the glacier. The streams, water falls, lakes, ice cliffs, and deep moulins (water-formed glacial caves) that characterize this otherwise frozen river of ice are fascinating. The especially adventurous can even sign up for an optional, all-day introductory ice-climbing course (minimum age 12). There is also the option of doing an exhilarating zip-line course (minimum age 7, 60 lbs.; maximum 235 lbs.). Otherwise, the afternoon is free for family time, a hike or casual stroll, and/or to enjoy a sauna in the wood-burning sauna house (bring your bathing suit!).

DAY 5. DENALI NATIONAL PARK. Following breakfast, we'll load up and head north to world famous Denali National Park, for a three-night stop. We will visit the new Visitor Center upon arrival, possibly go on a walk in the woods, and, during the latter part of the summer (when the alpine access road is snow-free), visit the historic Independence Mine en route.

DAYS 6. DENALI NATIONAL PARK. Get ready for wildlife, as well as huge mountains and incredible landscapes! Today you will board the park's shuttle bus for a wildlife-viewing trip into the immense wilderness area of the park. Grizzly bears, caribou, moose, Dall sheep and foxes are all commonly seen, and lucky ones may even see wolves. Unless the clouds conspire to conceal it, magnificent, glacier and snow-enshrouded Denali looms large over the landscape, a stunning sight!

DAY 7. DENALI NATIONAL PARK. There are some great options available today, including taking a fun white- or calm-water river rafting trip (optional; the minimum age is 10 for whitewater, or 14 in the whitewater paddle boat; the calm water float trip is available to younger children). There is also the option to go "flight-seeing" to Mt. McKinley (aka Denali, at 20,320' the tallest peak in North America) today. A great easy hike to a mountain lake frequented by moose and beavers is another great activity.

DAY 8. BACK TO ANCHORAGE. The park has been patrolled in the winter by rangers and dogsled teams for 90+ years, and the park maintains a large kennel of sled dogs, including puppies, which we will visit this morning. Along the way back to Anchorage we can watch for wildlife and stop to take a walk (or a longer hike). The tour ends in Anchorage by 6 pm. An attractive and leisurely, optional way to return to Anchorage is to board the Alaska Railroad for a stunning 7+ hour wilderness train trip, arriving in town, unaccompanied, at ~8 pm. (If you wish to take the train trip, please let us know ASAP, as it often sells out).

- The itinerary was perfect - diverse, great mix of places and activities
- Pace was just right - keeping good and busy doing fun stuff, with some downtime as well
- OPTIONAL ACTIVITIES were wonderful mix and we enjoyed each of them so much
- No frills, and yet no corners cut - we were comfortable without cushy, just what we came for
- So much more...hikes!-glaciers-campgrounds-LODGE!!!-laughs...

"It's late now, and we are still tired from all of the fun and excitement of the trip, and we are catching an early shuttle to the airport to fly home, so I will end this with a plan to write more specifics when I have more time. Suffice to say that we are very satisfied customers, would happily provide testimonials and talk to potential clients and recommend this trip HIGHLY, and we'll tell Trip Advisor and others about our great experience from start to finish..."

(Did we mention that we took your advice and flew in to Juneau and hiked there and then took the ferry up to Haines and had a wonderful time there? Thanks for adding value in that way.)

"BRAVO! And thanks again to you and the others for everything that made this a memorable and truly positive summer vacation.

"Be well and stay in touch. Gratefully," --Doug Gertner, Maggie Miller, Jordy Gertner, Colorado, doug@emuconsulting.com; 303-886-4114; Alaska Family Explorer, Camp & Cabin

"I would like to thank you and our tour guide Dave for a truly remarkable holiday. We had a tremendous time and have been very impressed by the efficiency and professional approach by your organisation. Dave looked after the two families extremely well. The 4 adults are now tempted to come back for a trip in Wrangell St Elias... We would definitely recommend Get Up And Go! Tours to others. With best wishes, The Wilkie Family." --Dr. Veronica Wilkie & family, England

ABOUT **Get Up & Go! Tours**

Our Philosophy The Call of The Wild...

At Get Up & Go! Tours, our mission is to help people not just see, but also to actively experience and better appreciate the wild Alaska they've dreamed of: A timeless and beautiful land as rich with possibilities of personal adventure, discovery and inspiration as it is with awesome landscapes and wildlife. This is in fact the essence of our **Active, Informative, Fun!** tour formula. For it is our belief that helping people to get active, interested and having fun in the great Alaskan outdoors can only result in a heightened appreciation of wilderness more generally; of its inherent value, and of the dire need to preserve it, for its own sake as well as for future generations. Experiencing Alaskan wilderness directly, getting active in it, breathing its air, marveling at its magnificent landscapes and vistas and wildlife: one can't help but be moved.

From the first nomadic, ice age hunters who unwittingly wandered across the Bering Land Bridge from Asia in pursuit of a herd of caribou, to the 19th century Klondike gold mining "stampedeers," to the modern day eco-tourist, the history of Alaska is a fascinating tale of exploration and discovery, of restless and adventurous humans at the far edges of the known world confronting wild nature in its grandest, most dramatic forms.

In today's super-hectic, modern world, "the call of the wild" is at least as compelling as it's ever been. With this in mind, **Get Up & Go! Tours** strives to make contemporary Alaskan adventure available not only to the ultra-intrepid, rugged and rich, but to anyone with a yearning for adventure and personal discovery (and yes, good health, decent fitness and a week or two of vacation time). Our **Active, Informative, Fun!** Multi-Sport, Hiking, Family, and Custom Alaska tours are the perfect way for the adventurous and nature-loving traveler with limited time to get off the beaten track, actively experience, and better appreciate the Great Land, through a variety of uniquely Alaskan multi-sport activities and inspirational hikes. Please join us!

Our Commitment

To Alaska, Our Local Communities, and the Natural Environment

Get Up & Go! Tours is proud to practice **Leave No Trace** principles of outdoor ethics, goes to great lengths to reuse and recycle as much of the packaging and other waste produced in our base, office, and household as possible, and patronizes locally owned businesses whenever feasible in an effort to minimize impact and give something back to the local communities we visit.

Get Up & Go! Tours also makes regular contributions to several local and national community and conservation organizations. Groups we are members of and/or support include the Alaska Center for the Environment (ACE); The Wilderness Society; Defenders of Wildlife; the Alaska chapter of the Sierra Club; Natural Resources Defense Council (NRDC); Wrangell Mountains Center (in McCarthy); Anchorage Museum of Art & History; Food Bank of Alaska; Anchorage Parks & Recreation Department; Anchorage Film Festival; KSKA public radio (in Anchorage); Friends of Kennicott; McCarthy Area Council; the Blackburn Music Festival; and the Alaska Travel Industry Association; among others.

MORE CLIENT TESTIMONIALS

"Geoff: Well, unfortunately, we are home in NC where the temp will reach 98 today with about 98% humidity, and we miss Alaska already. We had the BEST time. Amanda and Suzie are professional, knowledgeable, organized, responsible, entertaining, fun, motivating, and overall, AWESOME women, and we are thrilled to have had the chance to get to know both of them. If they haven't told you already, this group of people jelled from moment #one...and I give Kitty the kudos for setting the tone.... We had phenomenal weather...we saw Denali 4 out of a possible 6 days that we were in the area to see "The Great One". We checked off almost every animal on the Alaska list (no lynx or wolf...just wolf and baby wolf tracks), I ID'd wildflowers, we ate raspberries, and we ate great meals. Oh, did I mention the awesome hikes,...the great rafting, canoeing with the beavers, sandpipers, and moose, ice climbing on an incredible day into a moulin, sea kayaking with sea otters, kittiwakes, gulls and a calving ice cave, snowball fight on a glacier ice field, and we were lucky to have only one day of rain. What mosquitoes? I can honestly say I came back with zero bites. But, we did see lots of bears from a respectable distance, so, one still had to be aware of their environment! Overall, we're concerned that we may not be able to one-better this trip. So, in case you misunderstood this little note, we were more than pleased with this trip and will be waiting your next offerings! Thanks for everything. Happily yours, Nan" –Nancy Kirlin, North Carolina. *Alaska Explorer* 2006 and 2014

“Hey Geoff, Just wanted to thank you and (GG! guide) Marci for a fabulous trip to Alaska. You could not have planned a better trip and Marci was amazing. Everything was perfect (even the weather) and we couldn't have done it without you.

“If you ever need testimonials for brochures, pictures or anything from a client's perspective- let us know b/c we would be happy to help out in any way. I am going to tell everyone we know that if they are going to Alaska to book through you all b/c it was fantastic”--Julie D. Madsen Zarou, and family, New Jersey. Custom designed private lodge tour guests.

“I LOVED my Alaska vacation with Get Up & Go! It was everything I was hoping for and more. Guides Matthew and Dave were the best: informative, fun, and flexible to the needs/wants of the group. All the activities (sea kayaking, whitewater rafting, glacier trekking) were new experiences and fun.... The kayak day was awesome. It was 10 days of saying ‘It just doesn't get better than this.’ Thanks for a great tour. I also appreciated the perfect weather you ordered for us.”

—Bonnie Timm, Seattle. *Alaska Explorer*

“Geoff, Just wanted to let you know the trip was an amazing life experience...Alaska is incredible. Our guides were fantastic and I enjoyed their company. Thanks for everything.” --Steve Giampaolo, New York. Alaska Explorer

Since 1991 I have been professionally guiding people of more than 100 nationalities throughout western North America, from southern Mexico to the Alaskan and Canadian Arctic, sharing with them my experience, knowledge, enthusiasm and strong respect for nature, the great outdoors and all things Alaskan. I enjoy it!

Inspired by restlessness and a sense of adventure I gave up my teaching career and decided to take up guiding full time, coming to Alaska on an assignment in 1994. I was awestruck. The experience changed my life, and I've been guiding and exploring here ever since, learning everything I can about the land and getting out as often as possible. With each passing year I have grown more enchanted by the uncanny wildness, beauty, and spirit of Alaska, and more enthusiastic about my experiences and life here. Alaska is a truly special place, a land rich with beauty, authenticity, adventure and its own larger-than-life mystique.

Following several years of guiding for other outfits, I founded **Get Up & Go! Tours** in 2002, determined to provide the complete **Active, Informative, Fun!** experience I knew people were actually looking for, and to do things right. Immediately successful beyond my wildest dreams, **Get Up & Go!** is now entering its 16th season, proud to have shared the wild Alaska we all love with more than 3,500 satisfied clients: active, adventurous and fun-loving people from the world over. A huge part of this success is due, of course, to our first-rate guiding staff, most of whom have been with us for several years. Dave K, Heather, Sophie, Cheryl, Ray, Jeannie, Tommy, Fiona, Ryan, Kate, Jen L, Phil, and the rest of our great staff look forward to sharing their own private Alaska with you!

Thank you again for your interest in Get Up & Go! Tours. I invite you to come up and discover Alaska for yourself this summer on one of our **Active, Informative, Fun!** Multi-Sport, Hiking, Family, or Custom / Private tours. If you're anything like me, a renewed respect and appreciation for the natural world will more than likely result, along with a lot of fun and great memories, borne of inspiring personal outdoor experiences and discovery. --Geoff

“I just wanted to let you know how lucky you are to have two amazing guides working for you... I had an amazing time. It was perfect. Marci and Jed showed us their Alaska and it felt like it was so personal and they were letting us in to see a piece of them. The food was over the top great... They handled everything with such professionalism. It was such a wonderful time. I am so thankful to have met Marci and to have been able to see why she loves Alaska. I can't say enough about all the planning and stops along the way that made this such an unforgettable trip. I have been telling every one about it...”
